

AKSHAYA ANNADURAI

Full-Stack Web Developer

PROFESSIONAL SUMMARY

Ace in front-end and back-end web development using MERN. Always motivated and eager to work in tech-based companies. I love to learn new skills and implement them. Building interactive, real-life projects and contributing to the tech community.

WORK EXPERIENCE

GDS Branch Post Master

2021- 2022

Department of Posts, Ministry of Communications

PROJECTS

Anthropologie Clone

Anthropologie is an E-commerce website. We have cloned the website

Features:

- Home Page, All pages are responsive
- Cart-Page, Wishlist-Page, Product-page, Single-product page.
- Storing credentials and all user details in JSON Server.

Tech Stack: JavaScript | CSS | HTML

Areas of responsibility:

- Built the Schema and model, Developed the functionality of Login and Signup.
- Debugged all the pages and worked on the flow of the project.
- Deployed the App front in Netlify

A collaborative project built by a team of 5 executed in 4 days.

Indeed Clone :[Solo Project]

Indeed is a job searching website. I have cloned the website

Features:

- Home Page, All pages are responsive
- Implemented the AUTH flow using local Storage
- Deployed the App both frontend in Netlify and backend in Heroku

Tech Stack: ReactJS | CSS | JavaScript | Chakra UI

Areas of responsibility:

- The app is developed with React and all the styling part is done with Chakra UI
- Users can search for a job and the data are fetched using Axios.
- Sign In page is developed and functionalized using Next AUTH

A project built by myself in 4 days
